OBJECTIVE

Software Developer with experience in building mobile and web applications, with expertise in database management using PostgreSQL and MySQL. I am eager to excel and add value in a dynamic industry by utilizing my curiosity and passion for programming.

EDUCATION

Bachelor of Science in Information Technology
Caraga State University - Cabadbaran Campus
September 2021 – June 2025
Academic Honors:

- *Dean's Lister (1st Semester A.Y 2021-2022)*
- *Dean's Lister (2nd Semester A.Y 2021-2022)*
- *Dean's Lister (2nd Semester A.Y 2022-2023)*
- *President's Lister (1st Semester A.Y 2024-2025)*

Saint James High School
Buenavista, Agusan del Norte, Philippines
June 2015 - March 2021

WORK EXPOSURE

Freelance Web Developer
October 2023 – June 2024

- Created custom web projects for students from different schools, addressing unique requirements and deadlines.
- Provided ongoing support and continued project work for students to ensure their understanding and success.

Software Engineer Intern
Staff Outsourcing Solutions – Research and Management Department
August 2024 – January 2025

- Built a mobile application for users to scan QR codes, ensuring functionality and accessibility. The project is built to track and maintain the resources of the company.
  Utilized Docker for containerization, Google Cloud Platform (GCP) for deployment, and GitLab for version control to maintain efficient development workflows.
- Collaborated with a team to integrate mobile and web platforms, meeting project deadlines and organizational objectives.
- Bonus Project: We also built a QR Event Attendance for employee to track the attendees of that event.
